U.N. Members Plan Stopper Against Russia

Discuss Ways To Get Security Council Back On Efficient Footing

LAKE-SUCCESS, Aug. 9.—(AP)—United Nations Security Council members mapped strategy today to break Russian President Jakob A. Malik's one-man stranglehold and filibuster which has stopped the council in its tracks.

The Russians were not invited to the informal conferences which occupied most other delegations. The council recessed yesterday until Thursday afternoon after getting nowhere in one of the most bitter, heated sessions since Malik took over the presidency Aug. 1.

Taking the floor when he wished as Soviet delegate, Malik threw another resolution into the council, this one seeking to condemn the U.S. Air Force for bombings in North Korea. He did this after making new charges that the U.S. is the aggressor in Korea, dictating the role the U.N. is playing.

Warren R. Austin, U.S. delegation chief, retorted pointedly:

Who hasn't cooperated with 53 other U.N. members in the Korea action? Who could call off the North Korea invaders? What member of this security council is assisting the invaders in the security council?

Answers Self

In each case, Austin answered himself: "The Soviet Union."

But Malik refused to allow Austin's resolution of July 31, denouncing the North Koreans and demanding that aid for them be outlawed, to come up for a discussion. He refused to seat the South Korean representative unless the council agreed to hear a North Korean.

The meeting was still bogged down in a welter of procedure when it gave up until tomorrow. Malik wanted it to meet today and talk about bombing of North Korea but was voted down 9 to 1, with one abstention—Yugoslavia.

After the meeting, Ernest Gross, a U.S. delegate, said a number of courses are possible to meet Malik's obstruction.

The most extreme, he said, would be to change the rules of the council of electing a president and make them effective immediately—virtually throwing Malik out of the chair.

Another extreme move—he stressed these are possible but not probable—would be to have no more meetings this month.

Another would be to transfer the problems to a specially-called session of the general assembly. Secretary-General Trygve Lie said Monday such a session could convene in 24 hours if conditions warranted it.

To Decide Thursday

But Gross added the course to be taken to thwart Malik's obstruction will be decided after consultations that may last through tomorrow morning. By that time other delegations can have instructions from their capitals.

Gross said there has been no question of trying to expel Russia from the U.N. for not carrying out its obligations.

But he said the council now faces a constitutional crisis because the president cannot or will not perform his functions. If the U.N. can't do business in the security council, then it must do it in the general assembly where Russia doesn't have a veto, he added.

Austin called for the day's recess, he said, to allow Malik to get instructions from Moscow so he can give a ruling and let the council go ahead with its business.

Malik said he had instructions and they were "to uphold peace."

"THERE WILL BE NO DUNKIRK" at Pusan, Army Chief of Staff Gen. J. Lawton Collins declares in Washington after a closed-door session with a House Services subcommittee probing alleged shortages in production of tanks, sorely needed in Korea. He said U.S. forces are now strong enough to hold the United Nations beachhead. He is shown after the meeting with (left) Rep. Philip J. Philbin (D.), Massachusetts, subcommittee chairman, and Rep. Carl Vinson (D.), Georgia, Armed Services committee chairman.

Legion Band Trustees Plan Coming Events

The American Legion Quaker City band board of trustees met last night at the post home to make plans for events this month.

Monday, Aug. 28, the band will march in the Alliance Centennial parade which is publicized as the largest in the 100-year history of the town. Governor Frank J. Lausche also will participate in the event.

The final park concert of the summer season will be presented Aug. 31 at Centennial Park. The program will include the most requested numbers in recent appearances by the band. Rehearsals are being held at 8:30 each Thursday.

The Modern Farm
**Cull Potatoes
Fatten Animals.**

Spuds Equal To Corn Silage In Feed Value

FEEDING CULL or surplus potatoes to livestock is a sensible, profit-making move for both growers and feeders, says a U.S. Department of Agriculture report.

A survey by the Production and Marketing Administration of experiments at state agricultural colleges and elsewhere showed that dairy and beef cattle, swine, sheep, and even poultry have been fattened successfully using potatoes in the ration.

About 400 to 450 pounds of fresh potatoes are equal to 100 pounds of an average grain mixture. Potatoes are about equal to good corn silage in feed value and have about one-third the feed value of alfalfa hay. They contain twice as many digestible nutrients as wet beet pulp or beet tops.

It appears dairy cows can be safely fed up to 35 pounds of potatoes a day, preferably with high-protein legume roughage to offset the low-protein potatoes. They can be substituted for all or part of the corn silage, part of the grain mixture or part of the hay.

For beef cattle, potatoes are sometimes used in fattening rations and may be used in a wintering ration. They may replace part of the hay and grain and may be gradually increased from three or four pounds per head daily at the start up to 20 pounds.

Fresh potatoes are well suited for both fattening lambs and wintering ewes as part of their feed. They are equal to corn silage for fattening lambs, and some commercial feeders claim that potatoes fed to ewes immediately after lambing make the ewes' milk heavier.

Cooked potatoes make an excellent feed for swine. Raw potatoes are worth only one-half to two-thirds as much in feed value for swine. They can be steamed in large kettles or in a covered dump truck for about 30 minutes, and then stored them in a silo without adding any other material.

Cooked potatoes may replace up to one-half of the grain mixture usually fed. Individual reports from poultrymen indicate they had good results in feeding potatoes to fatten turkeys and other poultry.

Late-crop potatoes are capable of being stored fresh. Both early and late-crop potatoes can be ensiled, sun-dried or mechanically dried. The ideal method of feeding potatoes would be to haul them fresh from the storage or packing shed to the feed lot.

GROWERS OF truck crops and berries in Columbiana and Mahoning Counties will visit a number of farms in the area on an annual tour on Saturday.

V. E. Keirns, vegetable specialist, and Robert G. Hill, horticulturist, will lead the discussion on the tour. The first stop will be at the farm of Ralph Papania and Sons, 1 1/2 miles east of East Fairfield on Route 558.

The tour of the Papania farm will start at 9:30 a. m. Firestone Farms, east of Columbiana, will also be visited during the forenoon. On this farm 48 varieties of tomatoes, 39 varieties of sweet corn and 66 different lots of potatoes will be seen in test plots.

Lunch will be eaten at Firestone Park in Columbiana. In the afternoon, growers in the Greenford area will be visited, in-

cluding Harry Kentzell, Russell Huffman and Kindig and Davis.

Various vegetable crops as well as strawberries and raspberries will be seen on the farms visited.

A large attendance of growers

is expected.

—

EXPERIMENTS in Wisconsin have shown that crop yields are from 10 to 15 percent higher on terraced than on non-terraced land. This yield difference is worth \$2.75 per acre per year, even at very moderate prices, declares H. O. Anderson of the USDA Soil Conservation Service.

"Even with no yield advantage

the first year," Anderson adds,

"terraces will more than pay for construction costs of \$5 an acre in only 3 years' time."

He bases his claim on a 10-percent increase in yields of 50 bushels of corn, 50 bushels of oats, and two and a half tons of hay in a four-year rotation, all

without adding any other material.

THE SALEM, OHIO NEWS

Taft Draws Dark Tax Bill Picture

Says U. S. Must Pay Costs Of Freedom

WASHINGTON, Aug. 9—A dark picture of the tax bill faced by the American people was drawn today by U. S. Senator Robert A. Taft (R.) of Ohio.

But he pointed out: the more frankly we face the facts, and pay the cost of what we are doing now, the greater the hope of retaining in this country the liberty which we are trying to protect from foreign attack."

Mr. Taft is a member of the Senate committee which is working on a new tax bill aiming to increase the government income at the rate of \$5 billion a year.

Currently the bill proposes to do three things:

Continue all the existing excise taxes which were about to be reduced.

Increase corporation taxes about 20 per cent, boosting the rate on most corporations from 38 to 45 percent of net profits.

Raise the individual income tax rate 15 to 20 percent, without changing the exemptions.

The question of an excess profits tax on corporations probably will be postponed until next year, Senator Taft predicted. But in the end, he added, there probably will be some form of such a tax.

"No one likes to increase taxes," the senator declared. "But today there appears to be no alternative in view of the mess in which we find ourselves throughout the world and the strong position in which our policy has placed the Russian Communists."

Stokowski's Wife Expecting Child

NEW YORK, Aug. 9—(AP)—Gloria Vanderbilt Stokowski, heiress wife of symphony conductor Leopold Stokowski, has made a maternity reservation at the lying-in hospital here, the hospital said today.

Mrs. Stokowski, 26, and her husband, 68, were married in Mexico in 1945.

A hospital spokesman said the Stokowskis have made a reservation for the "early part of this month."

Mrs. Stokowski inherited an estate of \$4,295,628 on her 21st birthday. She is the daughter of the late Reginald C. Vanderbilt and Mrs. Gloria Morgan Vanderbilt.

She was married to the famous conductor a day after her divorce from Pasquale (Pat) de Cicco, Hollywood actor's agent, in Reno.

Senator Wants Reds Named Aggressors

BALTIMORE, Aug. 9—(AP)—Senator O'Conor (D-Md.) wants this country to lead in a movement to have the United Nations brand Russia as the real aggressor in Korea.

He also wants the United States to use its U. N. Security Council veto power, if necessary, to keep Communist China off the council. "The dictator understands nothing but forthright language and action," the senator told an audience of 1,500 at a mass meeting sponsored by 30 Baltimore civic, veteran, religious, labor, business and industrial organizations last night.

The meeting was called to protest Russian proposals to seat delegates of Red China on the security council.

O'Conor declared "The day is approaching when the United States should initiate efforts to have the U. N. place responsibility for aggression in the far east where it belongs—upon the Soviet Union."

"It is manifest that the incentive to North Korea to strike was furnished by Moscow."

Army Reception Point Set Up At Fort Meade

FORT MEADE, Md., Aug. 9—(AP)—Reception centers will be set up here and at two other points by the end of September to handle men drafted in a seven-state area, Second Army headquarters said yesterday.

The area of the Second Army includes Ohio, Maryland, Delaware, Pennsylvania, Virginia, West Virginia and Kentucky.

Processing of the men at the reception centers include issuance of uniforms and personal equipment and initiating of army records. Then the recruits will be shipped to camps for basic training.

The Army did not name the other two centers.

PAY BOOST APPROVED

EAST PALESTINE, Aug. 9—City council yesterday ordered pay increases ranging from 5 cents an hour for day workers to \$10 a month for salaried municipal employees, including patrolmen.

Steel Procurement To Be Steady Problem

NEW YORK, Aug. 9—(AP)—Steel procurement will be a major problem for most manufacturers for a long time, Iron Age, metalworking trade weekly, said today.

Buyers, the publication reported, are taking every ton of steel they can get their hands on and reaching out for more.

But it added, "there is practically no chance that consumers will be able to boost their steel quotas for peacetime production. With steel items already on informal allocation by the mills, the only way a consumer can get more steel from the mill is by obtaining defense or essential orders or by showing a history of steel buying far out of proportion to his present quota."

U. S. Warships Hit N. Korea Railyards

TOKYO, Aug. 9—(AP)—American warships destroyed 75 percent of the tracks in the marshalling yard at Tanchon, important North Korea east coast rail center, the Navy said today.

Complete reports of the Monday bombardment by cruisers and destroyers were received by Vice Adm. Charles T. Joy, commander U.S. Far East naval forces.

The ships guns also destroyed a complete train—a locomotive and 60 cars. It was passing through the yards.

The area of the Second Army includes Ohio, Maryland, Delaware, Pennsylvania, Virginia, West Virginia and Kentucky.

Processing of the men at the reception centers include issuance of uniforms and personal equipment and initiating of army records. Then the recruits will be shipped to camps for basic training.

The Army did not name the other two centers.

Man Scatters Tacks On Enemy's Driveway

FREMONT, Aug. 9—(AP)—The mystery of who put the tacks on Leroy Gilbert's driveway for seven long years was solved today.

Sheriff Fred H. Paul said 62-year-old George Cravens had admitted sprinkling them because he was mad at Gilbert. Seven years ago, when he was president of the Green Creek Township school board, Gilbert helped to get Cravens evicted as a "squatter" from rural Bakertown school property.

Ever since, Gilbert had been

Board Decreases Denham's Power

NLRB Retains Control Over 219 Employees

WASHINGTON, Aug. 9—(AP)

The National Labor Relations Board slashed away more of the powers it gave to general counsel Robert N. Denham three years ago and took back control over 219 employees.

The action was another slap at Denham in the running battle between the five-man board and its chief prosecuting officer.

Denham struck back quickly. He withdrew two employees he had assigned to the board "as a courtesy" three years ago.

"I didn't want to do this but the board asked for it," Denham told reporters.

Referring to the board's move, he added:

"The whole thing is silly and represents a new low in sniping in a government agency."

The Taft-Hartley Act has built up the general counsel's office and the board added to its power by delegating some of its own when the law became effective Aug. 22, 1947. The idea was to divorce the board from administrative and supervisory tasks as much as possible, to make it more and more a judicial body.

But differences between Denham and the board quickly developed. President Truman and board members asked Congress last spring to do away with Denham's job. But the Senate, led by Senator Taft (R-Ohio), refused.

At first shrapnel was shot enclosed in a wooden case or a canvas sack, but French munitions makers perfected the time-fused scrap-iron-filled projectile that would burst over the enemy lines.

Materials Shortage Brings On Layoffs

COLUMBUS, Aug. 9—(AP)—

The Columbus airplane division of the Curtiss-Wright Corp. yesterday disclosed the layoffs of 150 employees scheduled to overhaul B-29 superforts, because of shortages.

"At the present time, work can not be carried on as scheduled because of shortages in government materials," a spokesman said.

He added he hoped the shortage would be relieved soon.

Cloak Of Legality

THE Secretary-General of the United Nations continues to have high hopes of a negotiated settlement of the issue which has led to war in Korea.

Trygve Lie's report to the general assembly of the United Nations deals with the Korean incident as a clash between North Koreans and South Koreans, the latter backed by the United Nations. He deplores it and calls for a "bold and enlightened act of statesmanship to bring about a resumption of negotiations and to halt further deterioration towards another World War."

Herein lies the potential downfall of the United Nations, at the very point where Secretary-General Lie sees its usefulness. There is no possibility of negotiation in an issue between right and wrong. There is no way "to halt further deterioration towards another World War" if war is what the Soviet Union desires.

No cloak of legality could conceal what has become the great fact of the middle years of the 20th century—that the Soviet Union has adopted an irreconcilable position and must be irreconcilably opposed.

The United States has made many generous concessions in an attempt to get along with the modern Russian state. It even went to Russia's defense in World War II. But there is a limit to concessions. The limit has been reached.

That is why United States troops are fighting Russian-trained and Russian-equipped army in Korea. That is why the United States has put Harry Bridges, an advocate of the Kremlin-guided Communist conspiracy, in jail. That is why Americans are willing to mobilize for a major war. They believe there is no further hope of living at peace with a Russian-backed conspiracy which intends to destroy their society.

The United Nations cannot entertain hopes of a give-and-take settlement of the issue between the United States and the Soviet Union. There is nothing in its charter and nothing in the spirit behind the charter which condones conspiracy and aggression to destroy other governments.

The Right Name

GOVERNOR WARREN of California is one of the first public figures to abandon verbal pussyfooting in the Korean war.

The United States is at war with Russia, he told Californians last week, and they should have no illusions about the need for civilian defense.

Governor Warren's candor is not likely to be duplicated by spokesmen for the United States either in Washington or at Lake Success. But there is no reason why it should not be adopted in all non-official quarters.

The attack which has carried Russian-equipped troops from the 38th parallel to the tip of the Korean peninsula originated in North Korea. But it was not conceived there. It was conceived in the Kremlin. It could not have started without cooperation from the Kremlin. It was a Russian move.

One advantage of calling the aggressor by its right name, as far as the United States is concerned, would be the privilege of abandoning the figment that the aggressor is being opposed by the United Nations. Russia is being opposed by the United States, with slight assistance from a few members of the United Nations.

The United States and Russia are at war. What is happening in Korea is not a fight between two other fellows, both using assumed names.

Red Sample

A ROUTINE announcement by U. S. Coast Guard shows what the United States will be up against in its opposition to the worldwide Communist conspiracy.

Coast Guardsmen, the announcement says, have begun to screen merchant seamen on the Pacific coast to determine whether they are poor security risks.

The maritime unions have been a prime target for Communist infiltration. Red agitators have been busy-beavering the shipping industry for years. When ship owners tried to fight back, they were mauled by Comme-coddling bureaucrats representing various executive agencies of the federal government. When it was pointed out that the shipping industry was a particularly vulnerable place for the Communist conspiracy to entrench itself, Washington heaped abuse on U. S. citizens for being alarmists and Red-baiters.

It may be that the U. S. Coast Guard will be able to catch all the Commies who have bedded themselves down in the shipping industry. That would be a minor miracle.

The time to catch Commies is when they are worming their way into influence, not after they have wormed their way out of sight. The labor unions that gave them sanctuary and the government that protected them have an account to settle with public opinion.

UMT Legislation

BY PETER EDSON

Congress Now May Pass Training Law

WITH a White House endorsement expected soon, the heat will be on again to get a Universal Military Training bill through Congress. As the plan stands now, the idea will be to give about 800,000 18-year-old boys six months of basic military training outside the armed services, then another six months of inactive training.

Cost of this whole program has been estimated at about \$1,500,000 a year. Proponents of universal military training add that this is equal to one week's cost of the last shooting war. Since UMT is presented as a great national defense measure, to speed up mobilization, the argument is that it would be a good buy, if not an actual economy.

The last Gallup poll on UMT showed 72 per cent of those questioned favoring it, 12 per cent opposed and 16 per cent with no opinion. This was over a year ago. It is believed the Korean war would up this support percentage, if a poll were taken today.

Up to now, Congress has never had any enthusiasm for UMT. But until recently, Congress never had any enthusiasm for a peacetime draft, either. Times have changed. And with the UMT issue again being shoved to the front, it's important to know what it involves.

The new legislation that has been drafted to put UMT into effect is designed to overcome most of the objections that have been raised to it in the past.

IT STARTS off with the declaration that every man in the United States owes his country an obligation to undergo military training to protect it in time of emergency.

A National Security Training Corps would be created. Each trainee would be paid \$30 a month plus transportation, food, clothing, equipment and medical care.

Dependency allowances would also be paid at the rate of \$50 a month for one dependent, \$65 a month for two or more dependents.

On reaching the age of 17, every U. S. male would be required to register with his local Selective Service Board. These local boards could grant deferments. If a registrant was in high school, he could be deferred until his graduation. But no deferments could be granted beyond age 26.

Other deferments could be granted for extreme hardship, physical

Value of a Dollar

By TRUMAN TWILY

IT SAYS here in an article about money that children must be taught about it at an early age.

Make sure the little ones learn the value of a dollar, the man says.

Look man: When you were little, someone taught you the value of a dollar. Right? And you are now trying to remember what you were taught when you were little because you have found out that the value of a dollar now changes with the weather. Right?

And when you were little, someone taught you that money had to be earned by the sweat of an honest man's brow, or something to that effect. Which was true and still is, in a general sense, yet scads of people who wouldn't know how to raise a sweat if they got paid for it are getting paid for not raising a sweat, aren't they?

Also when you were little they told you the thing to do with that precious stuff was to cache it away in the bank so it could multiply like a pair of rabbits locked up in a barn, because Prudence demanded something for a rainy day. By the way, old boy, whatever became of Prudence? Did she marry someone and go out West to live? Never see her around any more.

The idea used to be when you were little, mister, that all children needed to be given special instruction about handling money because otherwise they would grow up without sufficient financial background to keep from being taken to the cleaners by the sharpies. There used to be something to that—when you were little.

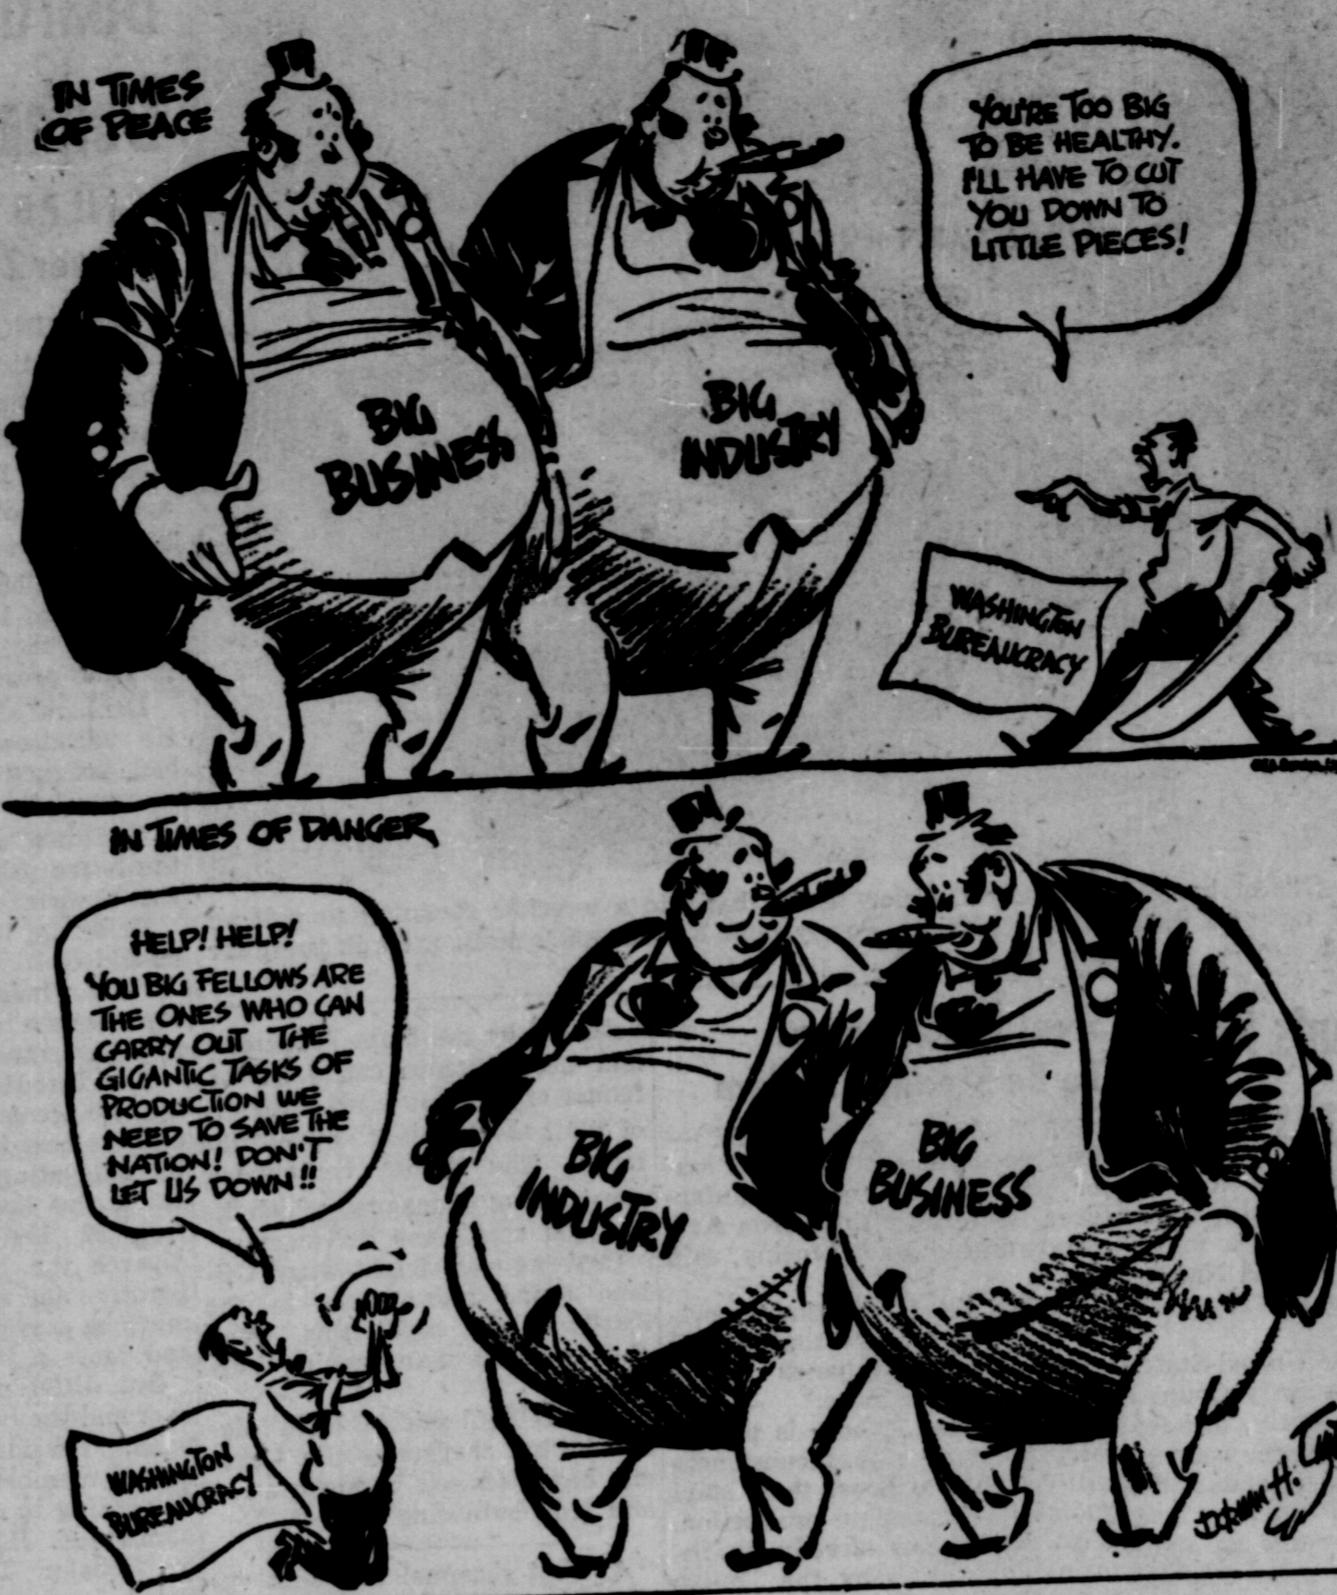

But now you are big, and you know better, or you should. Little bitty babies in their cribs handle more money these days than you were handling by the time you were shaving. Bright-eyed little tots have mastered the art of cadging cash from their elders, to the point where many of them have more lettuce in their piggy banks at the age of 6 than their elders have in their safety deposit boxes at 60.

The fresh-skinned little dears with the pink little buck-hooks know all they need know at birth about the fundamentals of money, which is to nab all of it that is loose and to loosen the rest. As practitioners of the fast dollar, they lead the league.

The modern moppet is not above working for money, if he can't get it any other way, but he knows about child labor, which is unconstitutional, reprehensible and downright ridiculous. The kids have a strong

THE SALEM, OHIO, NEWS

You Answer It

Replacement Program Needed

By DAVID LAWRENCE

WASHINGTON

IF THE American people could somehow be assured, for instance, that there would be no more fighting after Korea is pacified and that the main purpose of mobilization now is to prevent a large-scale war, there is no sacrifice of time or convenience or dollars that would not be enthusiastically made. Such assurance can't be given, but what is the plan of large-scale war doesn't break out in a year.

If Russia doesn't make another move like that in Korea and holds off further aggression, then it would not be fair to keep those American reservists in uniform doing police duty in various parts of the globe.

WHAT IS CLEARLY indicated is the need for a system of universal military training to be authorized at once and a wider and wider application of the draft, together with more and more officers' training camps. Such a plan should be organized now so as to give some degree of assurance to the reservists that they will not remain in uniform indefinitely during a period of several years of tension in which hostilities do not occur.

Every day that passes seems

Health To-You

By EDWIN P. JORDAN, M. D.

No Sure Cure For Baldness

EVERYONE hates to become bald, particularly when the hair starts falling out early in life. But it is lucky that baldness is so much more common in men than in women. Just imagine if it were the other way around.

There is a strong family tendency to early baldness in the most common variety the hair line over the temples gradually recedes and the hair becomes thin at the crown. As time goes on the hairless area becomes

By Galbraith

larger and larger until the whole top of the head is completely bald.

Although claims are made for "hair restorers," there are too many failures from any form of treatment to justify the belief that there is a good prevention or cure.

The "cures" range all the way from "singeing the hair to keep the juice from running out" (and, incidentally, the hair is not lost), to costly instruments for "massaging" the scalp or producing some other marvelous effect on hair growth.

These probably do not help much though it is true that dandruff or poor circulation in the scalp will speed the loss of hair. Consequently, if there is any such condition present, treatment of the scalp aimed at improving the circulation may delay, though it probably will not stop, the gradual loss of hair.

There are other conditions which cause loss of hair. The hair frequently falls out after infectious diseases such as typhoid, scarlet fever, influenza or some toxic condition.

After a while, however, the hair usually grows back in and may be heavier or even a slightly different shade. Treatment of this type of loss of hair is usually not necessary as nature takes care of the situation.

There is a condition called alopecia areata in which the hair falls out completely in roundish spots, ranging in size from that of a small coin all the way up to total loss of the hair of the scalp, eyebrows and eyelashes.

This is probably a true disease of some kind, though just what causes it no one has yet discovered. The hair may be gone for several months and then grow back just as before. Treatments probably hasten the regrowth in such cases.

The hair can fall out also as a result of certain diseases of the scalp, such as ringworm. In such cases, it is the ringworm which has to be attacked. If it has not lasted too long, the hair generally comes back satisfactorily.

"Old Moe"

By HAL BOYLE

Dog Suffers Combat Fatigue

IN KOREA

LAVES from a war reporter's notebook: Moe, America's most veteran combat dog, has been retired from the air wars by old age and battle fatigue.

The peppery little black and white mongrel has spent six years with the Air Force. He was first picked up in Australia by Lt. Jack Coglan of Longview, Texas, and later flew 25 combat missions in the second World War standing in the catwalk of a Douglas Havoc bomber.

In the years since then every air base in the Pacific and had half a dozen or more owners. He is known by name to hundreds of airmen in the Far East. Since coming to Korea his duties have been strictly limited to ground observation and security patrols.

"He won't make any more missions," said the present owner, Sgt. Daniel Kinney. "He's really got combat fatigue—he shakes all over now every time he goes up in a plane."

But Moe doesn't like war on the ground much better. The soldiers sometimes tease him by pointing their carbines at him. Each time Moe barks worriedly until the gun is put away.

Moe wears Sgt. Kinney's dog tags and there is a deep and real attachment between them. At the sergeant's command Moe will sit up, roll over, shake hands, speak or retrieve anything from a rock to a baseball bat.

His greatest enemy is a tattered stuffed monkey that hangs from a wall and bears the sign "Specialists on Gorilla Warfare." For some reason Moe developed a frantic hate for the silent monkey leering down at him. Several times a day he comes into the office just to bark at it.

"But if that monkey ever came untied and fell on him," grinned Kinney, "Old Moe probably wouldn't quit running until he reached Japan."

THE KOREAN war has upset the plans of many people. But I think Cpl. Richard Whitson of Rockport, Ill., had the most unusual objection to it.

Sitting in a tent and looking out across a rain-swept field at some T-6 air control planes he helps service, Whitson said dryly:

"I am supposed to get discharged next week. And this darn war has got us so busy I can't even get a three-day pass to go to Japan and re-enlist."

A MUSTANG PILOT dived so low at an enemy tank the other day that a huge fragment of a rocket he hit the tank with rebounded and lodged in his own gas tank.

The slender dark-haired flyer, down to his last drop of fuel, made a perfect emergency landing out he took one look at the damaged tank and said coolly, "That's all for this ship." Then he strolled away to hitch a ride back to his own base.

Staff Sgt. Michael Sparks of St. Louis:

"It's a real miracle," he said, "six inches whistled in surprise as he inspected the plane. One way and he would have lost a wheel. Six inches the other way and he would have had it in his lap."

Capt. Hal Wilson Lanark, a public information officer, dislodged the rocket fragment. It weighed 25 pounds.

"They aren't supposed to dive below 500 feet," he said. "But that pilot must have been down to fifty feet when he caught that one."

(AP Newsfeatures)

Looking Backward

From The News Files

FORTY YEARS AGO—Howard Detwiler has returned from Long Lake, Mich.

Mr. and Mrs. Rex Rugg and Mr. and Mrs. James Moore are expected to return Saturday from a camping trip at Long Lake, Mich.

Miss Mary Fleming of Youngstown has returned home after a visit with her cousin, Miss May Murphy of Woodland ave.

Miss Lola Russell of Franklin ave has resigned her position at the Oriental and will go to Chautauqua for a vacation.

TWENTY-FIVE YEARS AGO—Definite assurance from President Coolidge that Gen. L. C. Andrews, prohibition czar, will have a free hand in organizing the enforcement system will not eliminate exertion of political influence aimed at building a dry machine.

Miss Bess Moore, who has been taking degree work at Kent State Normal College, returned home Friday.

Harris gave a very natty performance for the Athletics, confining the Red Sox to two hits and scoring a 6 to 0 victory, which increased Mack's league lead to a full game.

TEN YEARS AGO—Al Milner and the Cleveland Indians shut out the Philadelphia Athletics 1-0 to cut the gap between first and second places to half a game.

France Asking For Quick Aid

Wants U. S. Troops In Germany To Hold Reds

PARIS, Aug. 9—(AP)—A high French official said today that six American and six British divisions stationed in Germany would keep a Russian attack away from western Europe for at least a year, and perhaps permanently.

In that year, he said, Europe could go a long way toward establishing its own adequate defense force—providing all-out American aid was given.

The official, who asked that his name be withheld, said the actual presence of more American troops would remove one great European fear—the belief that Russian attack would result in quick occupation of all of Europe before America came to the rescue.

The presence of American soldiers, he continued, would convince the Russians even more than U. S. action in Korea that aggression in Europe would mean immediate war with the United States.

Quick American assistance in Korea has helped to convince the French the United States would come quickly to Europe's rescue in the case of a Russian attack.

But the conviction is not deep-rooted. The French remember that American aid came in the first World War only after France was nearly beaten, and in the second war only after the country had been thoroughly beaten and long occupied.

What France wants this time is cash in advance—in the form of American troops already on the spot. Evidently this was emphasized at the recent meeting of Atlantic Pact deputies in London.

In return for this commitment of American troops to European soil, France evidently would accept an American commander over all forces in Germany. These probably would include many of the 15 new divisions France has agreed to form. If an attack comes, this country wants the initial major blow to come between the Elbe and the Rhine, not between the Rhine and the Seine.

As an immediate defense measure, France wants to go ahead with development of its light tank and its new bazooka. The French believe both are better than American weapons of a like type. They want American money to start production in French factories.

Production, as one high official explained, it can get underway faster in French plants than in American factories. The latter take longer tooling up, then produce large numbers of tanks per day. French mills start production quickly, with much of the work done and speed is what is needed now.

French officials still have much confidence in the security offered by American possession of the atom bomb. But they believe it is only one of the factors which will keep Russia quiet. France's immediate yearning is for more American troops in Europe.

Social Affairs

Dinner Ware Exhibit, Talk Presented To Quota Club

J. A. ARMSTRONG, SALES MANAGER of the Salem China Co., was guest speaker for a dinner meeting of the Quota Club Tuesday evening in the Memorial building.

Mr. Armstrong exhibited and discussed the water-color drawings of the new dinner ware designs the company is planning to make in 1951. More than 50 designs were shown, these having been drawn by the company's artist, Viktoria Schreckengost, formerly of Sebring, who now holds the chair of ceramic designs in the Cleveland Art School. The designs were exhibited to the company's salesmen recently in New York City and Chicago.

Twelve designs will be selected from the group and these will be placed on ware to be exhibited at a big china show in Pittsburgh next January.

Several of the club members are planning to attend a brunch sponsored by the Youngstown Quota Club Sunday in Mill Creek Park. The Aug. 22 meeting will be in the form of a picnic at Centennial Park.

Former Salem Girl Wed In Michigan

MISS PATRICIA LENTZ of Salem was a bridesmaid at the wedding of her cousin, Miss Jeanette Latour, and Gordon Dutz, both of Dearborn, Mich., which was solemnized at 9 a. m. Saturday in the St. Barbara Church, Dearborn.

A wedding breakfast was held at the Dearborn Inn. Among the 60 guests were Mrs. Florence Bush, Miss Martha Bush, Mr. and Mrs. C. J. Lentz and daughter, Patricia, all of Salem, and Mr. and Mrs. George Hurford of Sebring.

The bride is a daughter of Mrs. Hazel Bush Latour of Dearborn, formerly of Salem, and the late William E. Latour. Mr. and Mrs. Dutz will reside in Dearborn.

Marriage Licenses

Clarence C. Chettie, 26, salesman, Wellsville and Norma Jean Smith, 18, clerk, East Liverpool.

Julius Volio, 61, enameler, and Anna Centofante, 49, Salem.

Alvin E. Reed, 28, bodyman, East Liverpool and Sarah Imogene Newlan, 24, Wellsville.

Cornelius Peter Wilms, 62, laborer, and Elizabeth Bell Stanton, 43, Salem.

H. Lee Perkins, 51, dye setter, and Margaret Ann Hall, 43, Washingtonville.

Harold Marcus Young, 43, printer, Youngstown, and Katherine Joye Wright, 45, East Palestine.

— Advertisement —

Arthur Traserra, 1410 Desire St., sexton at the St. Vincent De-Paul Cemetery in New Orleans, La., thinks a sick man is a mighty poor man but a man in the pink of health is as wealthy as can be. Mr. Traserra says he is worth plenty, thanks to HADACOL, for he learned that his system lacked Vitamins B1, B2, Niacin and Iron which HADACOL contains.

Here is Mr. Traserra's own statement: "I had been sick for some time. The trouble mainly was in my stomach. I was unable to eat any fried food at all. I was very nervous and it affected my work. Now that I have been taking HADACOL my stomach is in tip top condition and my nerves are just fine. My appetite has improved, too, and fried foods are on our menu at least several times a week. That's because I have been taking HADACOL—and you can bet your life I won't stop taking HADACOL. I never tire of telling my friends how wonderful HADACOL is."

What HADACOL Does

HADACOL helps to build up the hemoglobin content of your blood (when Iron is needed) to carry these precious Vitamins and Minerals to every organ and every part of your body—to the heart, liver, kidneys and lungs, even to the eyes, hair and nails. Countless thousands whose systems were deficient in Vitamins B1, B2, Iron and Niacin are benefiting from HADACOL... even hundreds of doctors have recommended HADACOL to their patients.

Give HADACOL a chance to help you. Refuse substitutes. Don't let anyone tell you something else is "just as good." Insist on genuine HADACOL. You risk nothing, because HADACOL is sold on a strict money-back guarantee. You'll feel better with the first few bottles you take or your money will be refunded. Trial Size only \$1.25. Large Family or Hospital Size, \$3.50.

Republican Women Will Hold Schools

TWO SCHOOLS of Politics for Republican women will be held in this county next week. Mrs. J. W. Astry of Salem, county chairman, announced today.

Both will be headed by Mrs. Elizabeth Linard of Bellaire, 18th District Republican Central committee woman.

The first one, Tuesday, Aug. 15, will be at Firestone Park for women in Salem and vicinity, Lisbon, Columbiana, East Palestine and Leetonia.

On the following day women from Wellsville, East Liverpool and vicinity, and Salineville will meet in the Travelers Hotel in East Liverpool.

Both schools will open with a brunch at 11 a. m. and continue through to 3 p. m. They are open to any woman interested. Reservations can be made by calling 4949.

Picnic Dinner Honors Miss Lois Brookshire

Miss Lois Brookshire of Washingtonville, who will become the bride of Rudy D. Ashman of R. D. 5, Salem, Friday evening, was feted at a picnic dinner party Tuesday evening given by Mrs. Alberta Ashman and her daughter-in-law, Mrs. William Ashman, in Centennial Park.

The honor guest received a shower of gifts. Games were played. Miniature umbrellas were given as favors when the lunch was served. There were 20 guests from Salem and vicinity.

Jean Heatherington Married In Alliance

Announcement is made of the marriage of Miss Jean Heatherington and Donald L. Cameron, which was solemnized at 7:30 p.m. Friday in the Alliance Christian Church by Dr. W. C. McCullum, pastor. After a wedding trip through Pennsylvania they will reside in North Benton.

Mrs. Esther Brantingham of E. Second st. is attending Hollow Rock Camp Meeting, near Wellsville.

Mrs. Elizabeth Butch of E. Second st. is attending Hollow Rock Camp Meeting, near Wellsville.

Clyde Dickson, central office foreman at the Salem plant of the Ohio Bell Telephone Co., has been transferred to Youngstown. He is succeeded here by George Nierlich of Youngstown.

Ladies Golf Group Has Tournament Tuesday

The weekly golf tournament of the Ladies Association of the Salem Golf Club was held Tuesday. Sharing honors were Miss Margaret Stewart, Mrs. Chester Gow, Mr. Albert Moser and Mrs. R. E. Buckholz.

Mrs. Lester Kill and Mrs. Joseph Greenwood were in charge of the luncheon which was well attended. Some of the women played card games in the afternoon. Miss Imelda Sfara of Hillsdale, Pa., was an out-of-town guest.

Harvey Walken returned Sunday night from an European tour, including England, Holland, Belgium, Luxembourg, Switzerland, Italy and France. Mr. Walken

is from Wooster College where she took a two-week course in choir directing. Mrs. Stiver is director of the youth choir of the First Presbyterian Church.

Mrs. Raymond Stiver of E. Fourth st. is home from Wooster College where she took a two-week course in choir directing. Mrs. Stiver is director of the youth choir of the First Presbyterian Church.

Court Edict Backs Schafer

Alliance Educator's Contract Held Valid

ALLIANCE, Aug. 9—Alliance School Superintendent Russell E. Schafer had the word of Common Pleas Court today that his five-year contract with the school board is still valid.

The Alliance school board had held and Schafer had denied that he quit his job. The board had then offered the post to another man, Ralph B. Purdy, school superintendent at Conneaut. He gave up his job there to accept.

But yesterday, Common Pleas Judge D. Deane McLaughlin ruled in favor of Mr. Schafer, declaring the post was not vacated and his contract is still binding.

The dispute started last May when Hillson D. Hawkins filed an assault and battery action against the superintendent. He said Mr. Schafer had struck his son, Barry, a pupil, in the superintendent's office. The action is to be heard in Alliance municipal court Aug. 10.

Shortly afterward, Mr. Schafer says, he was called into a school board meeting and asked to resign. He sent a letter of resignation later, but contends he withdrew it before it was accepted by the board.

The board, on the other hand, maintained he resigned at the meeting.

But Judge McLaughlin turned this down, saying the meeting was a "picture of entrapment" and that in several instances the board failed to follow statutory rules at its meetings.

Mr. Schafer has held his post for eight years, coming here from posts at Steubenville and Barnesville. His present contract started last August.

His only comment on the court decision was that he intended "to stay in Alliance for the duration of my contract."

Mr. Purdy, meanwhile, is looking for another job. He said he had no plans at present.

Army Priority Plan Has Its Headaches

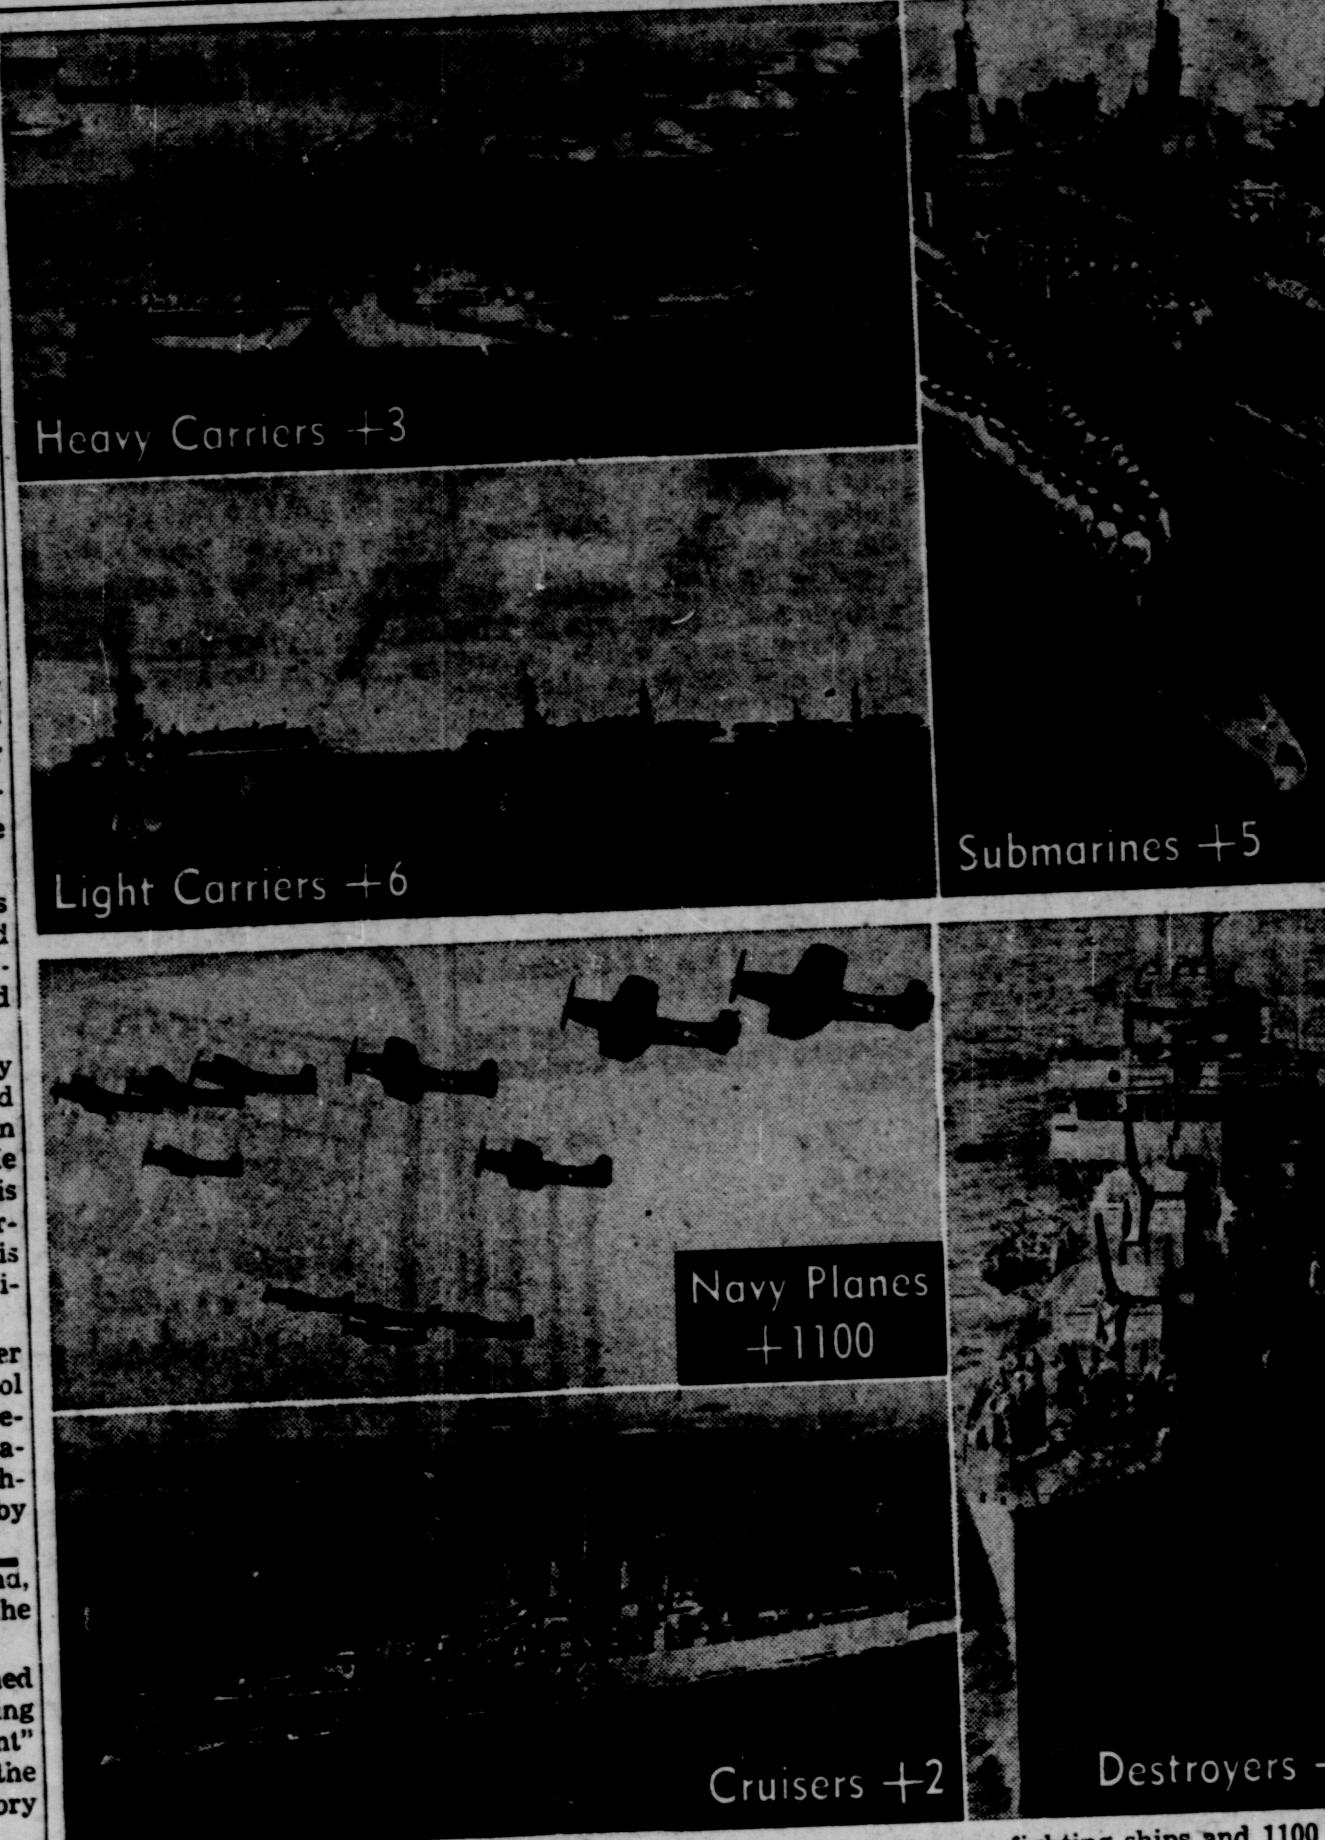

WASHINGTON, Aug. 9—(AP)—The army is having trouble with its policy of assigning priority to men with no dependents in calling up individual reservists, it was learned today.

While there has been no official change of the overall policy announced only last Friday, individual army area commanders are discovering they must set aside the priority program and bring in reservists purely on the basis of requirements.

The difficulty is that only a small percentage of reservists fall in the no-dependent category. To fill out national guard and reserve units and provide key specialists for expansion of the regular army, the army is beginning to call in men regardless of their dependency status.

In announcing last week its intention to summon 62,000 individual reservists during September and October, the army had said that:

"Priority will be determined by the number of dependents of the individual reservists. Those with no dependents will be called up first, those with one dependent, second, and those with more than one dependent, last."

MORE MUSCLE FOR THE NAVY—The Navy will add 48 more fighting ships and 1100 planes to its present active force, according to Rep. Carl Vinson, chairman of the House Armed Services Committee. Biggest bulge in the Navy's new muscle is the addition of nine more aircraft carriers, increasing the total in service from 15 to 31. The two de-mothballed cruisers boost the cruiser force to 15 and the additional destroyers bring that arm's strength to 172 active ships. Number of submarines now operating is not announced.

Wire-Tapping Probe Planned In Capital

WASHINGTON, Aug. 9—(AP)—A special senate committee was called together today (3 p. m. DST) to lay the groundwork for an inquiry into wire-tapping in

the nation's capital. The investigation is expected to dip into reports that the telephone line of Howard Hughes, millionaire west coast aircraft builder, was tapped during the 1947 investigation of his war contracts by a senate committee headed by Senator Brewster (R-Me.). Brewster and his secretary, Mrs. Frances Dustin, have ap-

peared before a federal grand jury convened here presumably to make a separate inquiry into the reports.

The investigating subcommittee is operating under a resolution which gives it authority to make a complete investigation of any wire-tapping by any person or agency in the capital.

How Hudson, with exclusive recessed floor, brings you the world's Best Ride

"Step-down" design, with its recessed floor, brings space between frame members, which is wasted in other cars, into Hudson's passenger compartment. This results in America's lowest center of gravity (and full road clearance) for a smoother, steadier, safer ride than is possible in any other car!

Floor is on top of the frame, so the vital space between frame members is not available for passenger use. This creates a higher center of gravity, which results in less stability, less smoothness as you ride, particularly on curves, in cross winds and on rough roads.

YOU ARE especially invited to try a Hudson ride, to enjoy a new way of going not available elsewhere at any price!

Hudson's new way of building automobiles with exclusive recessed floor ("step-down" design) results in America's lowest center of gravity—which is the key to the steadiest road-hugging ride ever known!

Hudson's exclusive recessed floor also results in low-built, streamlined beauty. Right along with full road clearance, it brings you more head and seating room than in any other car!

And brilliant, high-compression engine performance, a traditional characteristic with Hudson, is another engineering triumph that makes riding in this great car the outstanding automotive experience of the year! Won't you try it soon?

The new, lower-priced Pacemaker brings you all of Hudson's great advantages for just a few dollars more than the lowest-priced car!

Hudsons, with recessed floors, their great array of high-quality, long-life features, and advanced design, are among the leaders in resale value, as shown by Official Used Car Guide Books!

Congress Backs Dean In Atomic Argument

WASHINGTON, Aug. 9—(AP)—The senate-house atomic committee gave solid backing today to Chairman Gordon Dean in an apparent policy shakeup within the Atomic Energy Commission.

A round-robin signed by the nine senators and nine representatives on the committee expressed confidence in Dean after Carroll L. Wilson quit as AEC general manager with a blast at the commission chairman.

Wilson, whose resignation was accepted by President Truman, charged in a statement yesterday that Dean and the commission are taking over control of the atomic program from the general manager.

He said this is likely to result in a cumbersome, slow moving administrative machine which is incapable of giving the country the kind of direction needed to maintain and increase our leadership in the atomic field.

Dean told a reporter he had seen Wilson's statement, and added that "while I'm sorely tempted to, I don't care to comment on it."

The round-robin made no direct reference to Wilson and his changes, but Senator Edwin C. Johnson (D-Colo) seemed to be speaking for some of his other committee colleagues when he said he was glad to see Wilson replaced.

President Truman named Carlton Shugg, Wilson's former assistant, as acting manager. Johnson said he hopes the appointment is made permanent.

Observing that he never could see that Wilson "had what it took to be general manager," Johnson said that "in my opinion he was a complete flop in the job and already had been there too long."

Demings Edge Mullins 6 To 5 In 8th

Furnace Bows To Amvets 8-2

Saxons Crush M. A. T.;
C. I. O. Downs Peoples

Trailing Mullins 5-3 going into the last half of the seventh inning, Demings tallied two runs to tie the tilt and then take the decision by a 6-5 score in the eighth frame in a Class AA game Tuesday night at West End Park.

The Pumers pushed across six runs on nine hits and seven miscues, while Mullins managed five markers on six safeties and four misplays. Wayne Hann hurled for the winners and Charles "Mutt" Schaeffer twirled for the Manufacturers.

The win moved Demings with two games of second place. Mullins still remains in fifth.

In the other Class AA encounter, the Amvets collected five runs in the first inning to coast to a 8-2 victory over seventh-place Electric Furnace behind the two-hit pitching of Johnny Zines and pad their hold on fourth.

The Saxons, Class A League leaders, almost needed an adding machine for their 18-8 bludgeoning of the hapless Men About Town.

M.A.T. moved ahead of the Saxons, 8-4, at the end of two frames, but the leaders seemed to feel insulted and crowded 14 more runners across home plate to end the contest in five innings.

Dick Gottschling and Vince Moore hit homers for the Saxons. Gottschling getting one in the fourth with a man on base and Moore smashing another in the third. Tom Pastier helped to put the M.A.T. out in front in the second with a round-tripper with two aboard.

Still only a game out of first, C.I.O. made it No. 15 for the season by hammering Peoples Lumber into submission, 14-6, in another Class A tilt that went five innings.

Rightfielder Byers clobbered two home runs for C.I.O., the first in the second frame and the second in the third inning with one on.

Although C.I.O. outhit Peoples 10-6, both teams had seven errors charged against them.

SCORES SURPRISE VICTORY — Confident and laughing, Florence Chadwick, 31-year-old San Diego, Calif., stenographer, prepares to enter the water at Cap Griz Nez, France, for 21-mile swim across the English Channel to Dover. Miss Chadwick swam the distance in 13 hours and 23 minutes—one hour and 16 minutes better than the women's record set by Gertrude Ederle in 1926.

DAILY DOZEN

By Bob Dixon

• We understand there is a mad scramble for the Salem High basketball coaching job.

• At the board of education meeting Monday night, Supt. Kerr said he has a "stack" of applications for the position.

• Names of the applicants are unknown at the moment, but the board promises to award the job within the next week.

• One sure candidate for the cage post is Johnny Cabas, who coached the 1947 Columbian Clippers to a state Class B championship.

• John resigned his job as head football coach at Elyria High last spring. He is interested in getting back into basketball work and is also being considered for the Western Reserve coaching job.

• Other names which have been mentioned, but not confirmed, are Jack Mills, Lisbon coach, and Merrill Hall, mentor at East Liverpool.

• The latter is believed to have

31 included four birdie putts from 9 to 15 feet.

Third spot and \$1,250 went to Dave Douglas, skinny pro from Newark, Dela., with 283, just a stroke behind Locke and Mangrum.

Fusari-Robinson Go Slated For Tonight

JERSEY CITY, Aug. 9.—(AP)—Sugar Ray Robinson, eager to mingle with the middleweights, probably makes his swan song as welter champion tonight at 10 p.m. (Salem time) against Charlie Fusari in a Damon Runyon Cancer Fund show. The fight is slated for 15 rounds or less.

Not that Robinson expects to lose his title to the 25-year-old challenger from Irvington, N. J., in the Roosevelt Stadium ring. He figures to romp home like a 1 to 5 shot. But the grind of making the weight is getting him down.

If Robinson listens to Dr. Vincent Nardiello, his personal physician, he won't try to make 147 again. "It takes too much out of you, he'll go into a decline. He ought to be in a heavier class."

There was little doubt about Robinson making the weight at the weigh-in at the stadium. Down to 147 1/4 yesterday, he was a cinch to do the job, but he may be weak at the weight.

The weight question and Fusari's popularity with New Jersey fans is expected to lure a crowd of 30,000 and \$150,000. If the crowd comes up to expectations, the cancer fund should net about \$50,000. There will be no television.

Brooklyn Key To Phils' Surge

Beatings By Dodgers
Now Thing Of Past

THE FLYING PHILLIES are a prohibitive favorite to win their first flag in 35 years. Why? Because Manager Eddie Sawyer has succeeded where most of Philadelphia's 25 previous pilots have failed.

Sawyer has convinced his men that they could beat Brooklyn.

That was a feat very few former Philadelphia teams could accomplish. How well the eager, young Phils have taken the former college professor's lectures to heart is attested by Philadelphia's eight triumphs in 13 clashes with the Dodgers this season.

Until Sawyer took over as manager in the middle of the 1948 season, the Phils had failed to finish in the first division since 1932. During those 16 years, they'd been able to win only the 1937 season's series from the Dodgers.

In his first full season at the helm, Sawyer saw his team hold the Brooks even in 22 games. That progressive step was largely responsible for Philadelphia's third place finish in 1949.

THIS YEAR the Phils have been even more potent against the defending champions. Last night's 6-5 decision marked the Phils' sixth win in their last seven meetings with the Brooks.

The triumph was the most coveted of the season, since it widened the Phils' first-place lead over Boston to five games—their biggest lead thus far.

The St. Louis Cardinals handed the Pittsburgh Pirates their 10th straight loss, 6-4, while the New York Giants suppressed the Braves, 2-1, for their eighth consecutive victory.

Boston's Red Sox made big gain in the American League race. They trounced the New York Yankees, 7-4, while the Chicago White Sox were vanquishing the front-running Detroit Tigers, 9-6. The fourth place Red Sox now are six games behind the Tigers. Cleveland and St. Louis were rained out.

CINCINNATI'S REDS swept a doubleheader from Chicago, 10-1 and 9-0, to climb within a half game of the sixth-place Cubs. Philadelphia's Athletics blanked Washington, 5-0, on Lou Brissie's two-hitter.

Young Robin Roberts gained his third straight triumph over the Brooks this year although he needed assistance from ace reliever Jim Konstanty in the ninth. It was Roberts' 15th victory. Don Newcombe was the loser.

Wes Westrum's 19th homer with a man on base in the sixth inning gave Sheldon Jones and the Giants a 2-1 triumph over Warren Spahn and the Braves. Jones allowed four hits.

Stan Musial's 16th homer with one on in the second proved to be the deciding blow in the Cards' triumph over the Pirates. Ralph Kiner hit his 30th homer for Pittsburgh.

Mel Parnell yielded eight hits for his ninth Boston victory. Al Zarilla collected two singles and a two-run homer to lead the Sox.

The White Sox overcame a 5-0 Detroit lead to win. They knocked out starter Hal White with four runs in the sixth, added two more against Hank Borowy in the seventh and finished with the three off loser Paul Calvert in the eighth. Eddie Robinson's 12th homer snapped a 6-6 tie.

North All-Stars Lose

2 Players; Crable Hurt

TOLEDO, Aug. 9.—(AP)—Ohio's northern high school all-stars worked out for the 18th football tussle with the South today without the services of their No. 1 ball carrier, Irvin Crable of Massillon. Crable suffered an ankle injury and was sent back home yesterday. Not serious, the injured ankle would slow him for a week or so.

The southerners also lost a halfback yesterday. Russell Favorite of Troy went home with a sciatic nerve condition in his hip. The condition was a recurrence of an old injury aggravated this summer.

The North team has a squad of 25. The South team has 23.

Bob Hope Eliminated

NEW YORK, Aug. 9—Bob Hope, the slide-nosed comedian, made his first major competitive venture in the National Amateur Golf tournament tryouts at Beverly Hills, Calif. But the sharp-witted funnyman of the movies and radio took 80 robust swings on the first tour of the par 70 course and too many on the second. So he picked up his ball, conceding.

CLASS B RESULTS
Wattersons 8 Coccias 7
Schusters 5 Julianas 4

Red Hall Leads Class A Hitters

With 21 runs on 20 hits while at bat 48 times, Red Hall, C.I.O.'s slugging outfielder, is currently rapping the apple at a .417 clip to lead batters in the city's Class A League. He is followed by the Saxons' Herman Linder who has scored 22 runs on 21 safeties while at bat 55 times and is clouting the pill at a .382 pace.

The averages include the season's games up to and including Monday.

Other players with high batting averages in the loop are:

Youngstown Golfer Qualifies In Tourney

CLEVELAND, Aug. 9.—(AP)—Tom Jones, Jr. of Youngstown today topped a delegation of six northern Ohioans qualified for the 1950 National Amateur Golf Tournament.

But the golfer with the finest shot at yesterday's regional qualifier—Don Albert, an 18-year-old youth from Alliance—didn't make it. He shot a 77-79-156. Jones qualified with 75-69-144 and the five others had 147-8.

Locke birdied four of the last five holes with putts of 32, 12, 30 and 22 feet. Mangrum's opening

Yesterday's Stars

Batting: Wes Westrum, Giants hit two-run homer to give Giants 2-1 edge on Braves for eighth straight win.

Pitching: Lou Brissie, Athletics stopped Senators on two hits, 2-0, for second big league shutout of career.

Easter Moved To Cleanup Spot

Boudreau Expects Luke To Open Up

ST. LOUIS, Aug. 9—(AP)—Manager Lou Boudreau, still trying to find a combination to get the Cleveland Indians hitting again, reguaged the lineup today and put Luke Easter in the cleanup spot.

This isn't the first time Easter has been put in the fourth position. He was there on opening day and remained five games, getting five hits in 17 appearances. Then, Joe Gordon, Allie Clark, Doby, Rosen and Boudreau took turns at the spot.

St.

Louis

is

Easter's

School Band To Present Concert

Program Will Include Baton Twirling Show

LEETONIA, Aug. 9.—The Leetonia High School Band, under the direction of W. Gwynne Jenkins, is preparing for its Pop Concert to be held Monday, Aug. 21, at 8 p. m. in the school stadium.

A varied program consisting of light opera music together with classical and popular selections is being arranged. Trumpet solos and trios will be included in the musical selections. The majorettes will present a special routine.

Martha Zimmerman, the new drum majorette, will feature an individual twirling exhibition.

FINES COLLECTED in Mayor Fred W. Galle's court over the weekend include: Ralph Alexander, Columbia st., Leetonia, fined \$5 and costs for disorderly conduct; Gerald Beltempo, Main st., Leetonia, fined \$5 and costs for the same charge; John Limpose, Salem, fined \$15 and costs for speeding on Walnut st.; and

George Mardenwald, 180 Hawley ave., Salem, fined \$5 and costs for reckless driving on Walnut st.

Leetonia Briefs:

Deborah Class of St. Paul's Lutheran Church will hold a festival at the church, August 19.

Mrs. Raymond D. Carrig, a recent bride, was honored when Mrs. Joseph Robson entertained 12 of Mrs. Carrig's classmates at her home in East Palestine. Mrs. Carrig was presented with a shower of miscellaneous gifts. Mrs. Robson served lunch. Mrs. Carrig is the former Anna Mae Barnes.

Gary Gotthardt, son of Mr. and Mrs. Edward Gotthardt, was operated on for appendicitis at Salem City Hospital Monday night.

Dayton Boy Drowned At "Fishing" Play

DAYTON, Aug. 9.—(AP)—Nine-year-old Vonn Winton Hansell of Dayton drowned in Mad River near his home yesterday while an a "fishing trip."

The youth's father, Robert, said the boy liked to "play at fishing" without a hook on his line.

Yesterday the boy went to the river near his suburban home and apparently fell in and drowned. His body was recovered several hours later after his father became alarmed at his absence and began a search for him.

LIONS CLUB HEAD. Herbert C. Petry, Jr., of Carizzo Springs, Texas, was elected president of Lions International at the 33rd annual convention in Chicago.

New Zoo Inhabitants

CINCINNATI, Aug. 9.—(AP)—There are two new exhibits at the zoo here today that weren't presents from well-wishers on the institution's 75th anniversary.

Ben and Dolly, the zebras, provided one by becoming parents.

The other was the first parakeet ever hatched at the zoo.

Many other additions to the bird, animal and reptile collection were sent for the opening of the week-long celebration.

No Gains Noted Today At City Reservoir

For the first time since the water conservation appeal was made last week, no gain in supply was noted today at the city reservoir.

B. V. DeVier, water superintendent, reported that the supply stood at eight feet for the 24-hour period ending at 8 a. m. He commended the public for its support but reminded them that the shortage is by no means over.

Some relief is expected the latter part of this week, he said, when the repairing of the abandoned well on N. Ellsworth will be completed. The well was drilled 80 feet deeper to a total depth of 280 feet. Pumping equipment is being moved to the site today for installation.

14 Billion

(Continued from Page 1)

rates. He said a large part of the increase will come from a broad expansion of the economy in the re-armament program.

"No one likes to increase taxes," the chairman of the Senate Republican policy committee said, "but today there appears to be no alternative in view of the mess in which we find ourselves throughout the world and the strong position in which our policy has placed us in Russia and communism."

Senator George (D-Ga.), chairman of the Senate Finance Committee, spoke out strongly against consideration now of an excess profits tax. George said conditions may justify one later, but it can't be effective before 1951 even if passed now—"unless we want to throw a monkey wrench into the economy."

Lions Club Hears Reports At Meeting

Lions Club members heard reports at their meeting last night at the Lape Hotel from President Donald Cannon, on his trip to the Lions national convention, and from Harold Shears who is chairman of the committee planning the annual family picnic Aug. 16 at the Country Club.

Cannon appointed Rex Hundremarck chairman of a committee who will arrange a wiener roast for Aug. 22 at Dunn Eden Lake. Ben Bailey entertained with piano selections.

Annual Rotary Picnic Will Be Held Aug. 29

The annual Rotary family picnic will be held Aug. 29 at the Country Club. James Fitzpatrick is general chairman of the committee arranging the event.

Lindley Vickers, Youngstown Mill Creek Park naturalist, entertained Rotarians at their meeting Tuesday noon in the Memorial building, showing colored slides of wildlife in the park.

Vickers projected close-ups of ordinarily nervous animals and birds, explaining each scene. The subject of his talk was, "The Four Seasons."

Andrew MacLeod, program chairman, introduced the speaker.

Moles eat an amount of food each day equal to nearly one-third of their own weight.

Machine Co., retiring several years ago.

A member of St. Edward Church, he also belonged to the Moulder's union.

Besides his wife, the former Mabel Matti, whom he married 46 years ago, he leaves a daughter, Miss Helen Judge at home; his brother, James, and a sister, Mrs. P. J. Barrett of Massillon.

The body is at the Youngstown Handel funeral home pending funeral arrangements.

Man Rents Room, Burglarizes Home

Has anyone seen Albert? That's the question Mrs. Alice Krauss of 313 W. State st. would like answered.

Monday night, Mrs. Krauss rented a room to a man known to her only by that name. He offered to pay for a week's rent in advance out of a \$28 check which Mrs. Krauss refused to cash for him.

On Tuesday evening, when the 64-year-old woman returned from her housekeeping and baby-sitting job, Albert was gone. And so were a small white radio valued at \$24.50, a wrist watch, a new suitcase and a man's suit belonging to another roomer in the house.

Mrs. Krauss told police Albert had a bus ticket for Canton where he told her he lived. She said the man was short and had a dark complexion, wore glasses and was dressed in a light suit.

Salem Driver Fined, Banned In Lisbon

ROBERT A. HOPERICH of Salem R. D. 3 was arrested in Lisbon Tuesday afternoon by Officer Leon Zahrndt on a charge of reckless driving and was fined \$50 and costs and given 30 days in jail. The jail sentence, however, was suspended on the condition that he stay out of Lisbon for six months.

This was Hoperich's second arrest for reckless driving within a week. He had previously forfeited bonds.

Recluse Leaves Estate Of \$74,000, 12 Cats

CLEVELAND, Aug. 9.—(AP)—Mathew H. Woods, a bearded recluse who lived in poverty and had 12 cats and three cans—all more than 25 years old—left an estate of \$105,000.

The eccentric died Friday at the age of 90. And an application filed in Probate court yesterday revealed the size of his estate.

Most of it, an estimated \$74,000 was left to a nephew, M. R. Wolff, of Cleveland Heights.

A former railroad engineer, Woods retired 25 years ago. He lived in a junk-filled home and ate and slept in one room.

JAYCEES TO TALK SPORTS

Sports events will be discussed when the Junior Chamber of Commerce meets at 6:30 Thursday at the Lape hotel.
